Mountaineers In First Place With Sunday's Victory

Play-off With Verdi May Be Necessary When Season Ends

By JOHN FIRPO

A fourteen hit offensive attack and 7-hit pitching by Starter Craig Robinson enabled the Truckee Mountaineers to dump the home team Babbitt Bandits of Hawthorne, Nevada, 10-6 last Sunday. Ernie Pello led the locals hitting parade, collecting two singles and a home run. Robinson won his ninth straight contest without a defeat.

He has won every game he has started this season. The win left the Mountain Men with a final seasonal record of 10 wins and 2 losses while temporary second place Verdi is 8 and 2 with two games left against the Desert Admirals and Lovelock Merchants. Last Sunday Verdi came from behind to beat the Fallon Merchants 17-10.

Both ball clubs hit hard in the first inning each gathering in three runs. L. J. Robinson led off the contest with a triple. After Neil Love was hit on the wrist to put two men on right-fielder Louie Goicoa doubled scoring Robinson with the first run of the game. With Love at third and Goicoa at second Otis Cluck singled to send both of them home to give the Mountain Men an early 3-0 lead. This was short-lived though as a single, walk, single, and double enabled Babbitt to knot the score 3-3.

Babbitt picked up one more tally in the third to take the lead 4-3.

Continued on Page Ten

Monte Vista Road Bids Are Opened

Another section of the master project to convert U. S. Highway 40 to full freeway status came a step nearer reality today when the state division of highways opened bids for a 5.1-mile section of four-lane divided freeway from near Monte Vista to near Baxter, about 10 miles east of Colfax.

A low bid of $4,739,175 was received from Madonna Construction Co. of San Luis Obispo, according to highway officials at the Marysville district office. The firm was one of 10 bidders for the job.

The project will be financed jointly by state gasoline tax funds and federal monies, and was advertised for bids prior to the recent suspension of bid advertising on all state highway construction by State Director of Public Works Robert B. Bradford.

WORK IS STARTED ON WEST RIVER STREET

Work started this week on widening and resurfacing a 1.4-mile section of West River street between State Sign Route 89 south of the Donner Creek Underpass, and Sign Route 89 in Truckee, according to state division of highways officials at the Marysville district office.

The $38,566 project includes construction of a new reinforced concrete bridge over Donner Creek, and is expected to be completed within 60 working days.

The improvement is being provided for use as a detour during the 1960 Olympic Winter Games. Traffic will be permitted to pass through the area during current construction with minimum delay.

Granite Construction Company of Watsonville is the contractor, and J. W. Reynolds is resident engineer representing the division of highways on the job.

ROTARY CLUB WILL HAVE BIG BARBECUE

The Truckee Rotary Club will hold an annual barbecue August 24 at Sierra Lakes for their ladies and guests, the program being supplied by members of the ballet school from San Carlos. The latter group occupies the Hoyjfellet Lodge at Soda Springs each summer and offer their talent to local organizations during their sojourn.

The ballet will appear in Donner Lake Lodge, August 26 for the Truckee Lions Club according to Jim Sherritt.

Sherritt, who is a board member of the 17th Agricultural District Fair at Grass Valley, said the San Carlos group will also appear there on August 29 and 30.

From Novato—

Mr. and Mrs. Robert Keller and son Mike of Novato were house guests of Mr. and Mrs. Robert Leamon.

See Ballet—

The Robert Trowers of Donner Lake returned from a San Francisco viewing of My Fair Lady and the Russian Ballet.

From Woodland—

Mr. and Mrs. Martin Hucke and daughter, Juneta, of Woodland stopped to see local friends during a trip around Lake Tahoe.

Hope Again Bright For Construction Of Donner Route

The possibility that construction of the four-lane freeway over Donner Summit may not be delayed as long as state officials feared as a result of the house ways and means committee voting 16 to 9 to increase the federal gas tax fund from three to four cents per gallon.

A week ago, the committee had rejected the tax increase but late last week reversed itself.

In the meantime, state highway officials are holding back the awarding of additional contracts pending the outcome of the squabble in Washington. The vote of the committee does not necessarily mean that the tax will be voted, but it does provide helpful aspect to the situation.

The additional tax levy would remain in effect for a period of 22 months. The committee also voted to divert to the highway fund some of the taxes now collected on automobiles and automobile parts.

Most of Highway 40 from San Francisco to the Nevada state line is either four-laned or under contract, with the section from Soda Springs to the east end of Donner Lake, the remaining "bottleneck". This section is estimated to cost $17,500,000.

Bids were opened yesterday in Sacramento for a 5.1-mile section of freeway on U. S. 40 between 0.8 miles west of Monte Vista to 0.7 miles east of Baxter.

Excellent Water Supply In Area

The domestic water supply in this region is from a bacteriological standpoint and no where from Floriston to Kingvale is there anywhere near an unsafe supply.

This is according to a report received by Area Sanitarian Richard Walker who sent in samples of the water on July 27 and 28 to the state laboratories for analysis.

With the safe count up to 240, the findings at the various sources of supply were as follows:

Floriston, 38; Hirschdale, less than 2; Boca, less than 2; Hobart Mills, 2.2; Truckee southside spring, 38; Truckee Shaffer spring, less than 2; Truckee McGlashan spring, 5; Truckee Donner Creek well, less than 2; Donner State Park, less than 2; Donner Lake east system, less than 2; Donner Lake central system, 2.2; Donner Lake west system, less than 2; Donner Ski Ranch, less than 2; Soda Springs, less than 2; Kingvale, less than 2; Pla-Vada, less than 2.

Periodic samples of domestic water supplies are taken and sent in for analysis by Walker, who says that the pure water throughout is a great asset to the communities of the district.

BAPTISMAL SERVICE PLANNED FOR LAKE

The second baptismal service for this year will be held at the home of Erwin Kellogg of Tahoe Vista where several who were not able to be present at the earlier date, will be baptised. As before, the group will go directly from the morning worship service to Kings Beach where they will enjoy a picnic lunch together in the patio of Mr. and Mrs. Dallas L. Hughes.

Last weekend a number of youths attended a rally in Greenville. All enjoyed the rally, staying overnight.

NURSERY CHILDREN WILL MEET AUG. 31

Nursery school children of Truckee will meet in the former kindergarten room of the old elementary school August 31. Morning sessions are planned from 9 a. m. to 11:30 p. m. according to Mrs. Lee Apple, director.

Parents interested in the project may contact Mrs. J. P. Vind, chairman by calling LU 7-3193.

Back From Training

KINGS BEACH — Walter Mandeville, Jr. returned home Monday after nine weeks of basic training with the Air Force at Lackland AFB, Texas. He is a member of the Air National Guard and son of Mr. and Mrs. Walter Mandeville of Kings Beach. The youth is a senior at the Tahoe Truckee High School.

Elks Lodge To Be Instituted Aug. 30 At Tahoe Tavern

Ladies Are Invited To Take Part In Ceremonies Of Lodge

B. P. O. of Elks organizing chairman, Richard Brennan, announced today that the institution of Elks Lodge 2140 would take place on Sunday, August 30.

Ceremonies will begin at 1 p. m. that afternoon in the dining room of the Tahoe Tavern, Tahoe City.

"North Tahoe Sierra Elks Lodge is sponsored by the Auburn Elks Lodge and we know our institution will be one of the best ever held in California," stated Brennan, who is soon to be installed as exalted ruler of the new lodge. "We extend a welcome to all visiting Elks to attend our ceremony. Ladies, too, are welcome at the hospitality house, also located at the Tavern, while the Elks program is in progress," he added.

Prior to the Lodge institution, all candidates for membership must sign the charter of the new lodge. Robert Snyder, secretary of B.P.O. Elks 2140, announced that he will have the charter available Sunday afternoon, August 23, from 1 p. m. to 6 p. m. in the lobby of the Tahoe Inn.

"I certainly hope all new candidates and demits from other lodges will sign the charter and pay their dues on or before this day," Snyder commented. "We have much to accomplish before the 30th and those who put this chore off too long could be left out at the institution," he stated.

Following the lodge institution and initiation ceremonies, all Elks, new and old, their ladies and guests are invited to an informal reception. Festivities will take place at the Crystal Bay Club, Crystal Bay where one of the hosts will be John Rayburn, a 35 year Elk and member of the new B.P.O. of Elks Lodge 2140.

Local Artists Will Exhibit At Fair

Exhibit space at the Nevada County Fair in Grass Valley opening next week, Thursday, August 27 has been filled to capacity and amongst the exhibitors in the painting division are entries from Truckee artists, Dorothy Androus. Dorothy Fordham, Esther Fox and Carroll Maynard.

A full program of entertainment has been planned at Grass Valley where more than 2,000 pine trees shade the beautiful grassy grounds where hundreds of flowers line the walks in a galaxy of color.

Much of the entertainment is free to the fairgoers and on Saturday and Sunday the San Carlos dancing group that has been seen by many of the local people around the Truckee and Lake Tahoe area.

Of interest to the many square and folk dancers in this area is the free dancing to be held on the new dance slab starting at 8:30 on Friday and Saturday nights. According to Manager Malcolm E. Hammill the interest being shown amongst the Truckee people in this year's Nevada County Fair is highly encouraging and indicates a good attendance from this area.

KEN KOLB RETURNS TO SEE FRIENDS HERE

Ken Kolb, officer for the California Highway Patrol with Mrs. Kolb and their three daughters stopped to see local friends on their way to Crater Lake.

Kolb who was a member of the Truckee squad several years ago left here for Woodland and they are now living at Santa Rosa where he is stationed in the city. While here Kolb took part and won a number of pistol shooting matches.

Colfax Visitors—

Mr. and Mrs. Harry Callendar and Mrs. Susie Thurman all of Colfax, were visiting here and at Squaw Valley Friday. Callendar and Mrs. Thurman are associated with the Colfax Record.

Sister From South—

Mr. and Mrs. Oscar Schumacher have as their guest, Mrs. Bertha Enricke of Long Beach, sister of the hostess.

Truckee Car Count Shows Heavy Use Of Business Area

Based on a survey taken last Friday, August 14, approximately half a million vehicles monthly pass in front of the Truckee post office on the main street.

During a 12-hour period from 8 a. m. to 8 p. m., Edmunds kept a close count of passing vehicles and reported a total of 9.171 were registered, including 6,987 passenger cars, 2,126 trucks and 27 buses. Figuring conservatively that from 8 p. m. to 8 a. m. an additional 5,000 vehicles would pass the same point, it would mean a total of 420,000 vehicles a month passed the given point.

Of the cars counted last Friday, 3,614 went west while 3,373 were tabulated east bound. There were 1051 west bound and 1075 east bound trucks. Of the commercial vehicles, 243 were gravel trucks, 87 cement carriers and 91 for logging.

At the same time, Edmunds made a survey of the parking situation here and found that never during the day were there less than 13 vacancies in the main business section.

His figures show that at 8 a. m. there were 35 vacancies among 125 street parking spaces and 18 vacancies on the 32-car capacity parking lot.

At noon that day, there were 13 vacancies on the street and only one in the parking lot. At 4 p. m. there were 31 street vacancies and 12 in the parking lot and at 8 p. m. there wer 15 street vacancies and 11 parking lot vacancies.

E. E. PAYEN, FOLSOM, TRUCKEE RANCHER, EXPIRES IN CAPITAL

Funeral services were held last Thursday in Sacramento for Edmond E. Payen, 83, well known local and Folsom district rancher, who expired following a long illness at a Sacramento hospital.

The deceased attended Christian Brothers High School before moving to Folsom where for 63 years he operated a cattle ranch, bringing the stock to his ranch in Sardine Valley each year.

He was a past master of Natomas Lodge No. 64, F. & A. Masons and a past patron of the Eastern Star there.

He leaves his wife, Jessie A. Payen; children, Dr. Louis J. Payen and Mrs. Genevieve Caples of Sacramento and Mrs. Minerva Kearney of Davis, and 10 grandchildren.

LAND IS CLEARED TO BUILD FIRE STATION

Volunteers, including Raymond Harris and his caterpillar, spent Sunday clearing the recently acquired lot at the west end of Donner Lake for the new fire station being planned and erected by the Donner Lake Volunteer Fire Department.

While plans for the building are not complete, the projected work is expected to be completed by late this fall to house the equipment.

President of the board, Dr. Robert Affeldt, is calling upon everyone interested in the project to donate labor or cash so that the project can be finished soon and without too much debt.

LAST RITES ARE HELD FOR THELMA LIDDLE

Funeral services were held at the Truckee Colonial Mortuary last Wednesday for Mrs. Thelma Liddle, well known Kings Beach resident. Interment was in the Tahoe City cemetery.

Rev. Roy Rhoades officiated at the rites attended by scores of close friends and relatives. Mrs. Cecil Edmunds was the organist and Mrs. Rhoades the soloist.

Pallbearers were Gene Faulkner, William Martin, Harvey Martin, Gene Antonson, Henry Lowe and Harry Ketchel.

DRAWS 30 DAYS

Antone Emilio Dotta, 43, of Loyalton was given a 30 day jail sentence on a drunk charge when he appeared before Judge F. W. Wilson in the Truckee Judicial District Court.

Bergmans Back—

On vacation from their home at Watsonville, Mr. and Mrs. Helmer Bergman stopped to see friends at Donner Summit and took part in the annual barbecue, then on to Truckee and Lake Tahoe before going south.

Nine Fires Fought In District; More Set Near Truckee

Smokers, Hot Ashes Are Blamed As Fires In Area Continue

Nine incipient, but dangerous fires were reported in the Truckee district of the Tahoe National Forest by Fire Control Officer Nelson Stone during the past week.

Two of the fires were apparently of incendiary origin and both were in half a mile of the Truckee cemetery on State Route 89, where two other incendiary fires were extinguished three weeks ago.

The most recent were discovered at 3 p. m. Sunday and one burned over an acre before being stopped by the Fibreboard crew under the direction of Les Cavanaugh, logging foreman for the company to whom the fire was reported by a passing motorist.

The second at the same time was discovered by Mrs. Stone, wife of the control officer, who quickly put the small grass fire out.

Another fire during the week was at Kings Beach at 4:30 a. m. Wednesday started by a smoker. The North Tahoe Volunteers, under the direction of Chief Curly Mason controlled the blaze. Another smoker fire was reported one mile south of Tahoe City at 1 p. m. Wednesday.

On Thursday hot ashes were blamed for the fire on the east side of Dollar Hill at Tahoe at noon Friday. The Tahoe City Volunteers kept this blaze from spreading. Hot ashes at Agate Bay at 2 p. m. started still another fire which was quickly confined.

A smoker was credited with the fire at Woodchoppers Spring on the old Reno road at 3 p. m. Saturday.

Despite frequent fires and constant warnings, violations continue to crop up, Stone declared, in urging still more caution.

Fund Is Approved For River Projects

In a telegram to the Sierra Sun Tuesday, Congressman Harold T. Johnson said that the senate has approved an appropriation of $1,550,000 for work on the Truckee River in California and Nevada.

The house Monday passed the measure by voice vote and early Tuesday, the senate gave approval, Johnson wired.

The bill allocates $550,000 to the army engineers for clearance and improvement work along the Truckee River channel and its tributaries. It also allocated $1,000,000 for work on the Washoe Reclamation project which involves both the Truckee and Carson rivers.

It is expected that most of the $1,000,000 will be used in connection with the Truckee improvements, regarded as urgent.

The measure has now gone to the president where his signature is all that is required to put the measure into action.

MRS. RAY HUGHES OF WOODLAND DIES HERE

Mrs. Clara Irene Hughes, 52, wife of Ray Hughes, prominent Woodland sheepman and well known in this district, died at her home at Donner Lake August 11 at 2 a. m. following a long illness.

The remains were sent to Lipp & Sullivan at Marysville where last rites were held. Interment was in the Sutter City cemetery. Truckee Colonial Mortuary had charge of local arrangements.

The deceased was a native of Montana.

SWISS STEAK FEAST PLANNED BY WSCS

KINGS BEACH — The Women's Society for Christian Endeavor is sponsoring a Swiss steak dinner at the Community Methodist Church in Kings Beach between 4 and 8 p. m. Sunday. Proceeds will go toward the building fund. Adults will be charged $1.50, children over 13 $1.

SNOW ON PEAKS

A mid-August storm, originating in Siberia, whitened the tips of the Sierra peaks above the 8500-foot level Wednesday. Light rain was recorded throughout the region. The storm is expected to end and the weather return to autumn normal tomorrow.

Work Started On Catholic Church For Squaw Valley

SQUAW VALLEY—Ground was broken last week one block from the entrance to the Olympic Games facilities for the Queen of the Snows Catholic Church.

The 400 capacity Olympic chapel will be ready for use in February next year when the games are scheduled, according to an article in the Superior California Catholic Herald.

According to present registrations, 40 per cent of the athletes to come to the world-wide games are Catholics and one of the most often asked questions is: "Do you have a Catholic Church in the area?"

The Olympic chapel, according to Father P. J. O'Neill, Truckee district pastor, in whose parish the new church will be located, will continue to serve the area after the games are history.

The new church, designed by J. Clarence Felciano of Santa Rosa with Riverman and Sons as general contractors, will be an A framed edifice. Glulam beam construction will provide laminated arches, the extremities of which will rest on concrete blocks, placing the floor of the church some four feet above the ground. The interior sidewalls will be of redwood, finished in white fir, providing a chalet effect.

The building will be broader at the sanctuary end than at the entrance and an altar rail will enclose the sanctuary. The altar frontal will depict the famed Olympic symbol cast in bronze and gold anadised aluminum, Christianized by a superimposed cross of the same material. The tabernacle will follow the same A design of the roof. The only window will be a wall to wall thermo pane, glare resisting glass behind the altar, framing the rugged Sierra peaks on the south.

SIX ARE ACCUSED IN FIRE VIOLATIONS

As the danger of forest fire increase, so do the violations.

This is the opinion of the U. S. Forest Service officials who this week reported six violators were cited to appear in the justice court of Judge Harry Charrison at Tahoe City.

Cited during the week were:

Bery Whitmire, Woodland, cited for dumping hot ashes. The resulting fire threatened Tahoe summer homes.

Jess Nunes of Pinole, appeared on the same charge and was fined $50.

George F. Luffy, Tahoe City, was cited for operating a power saw without an adequate spark arrester and was fined $50 in Charrison's court.

Rene Codis, San Francisco, was apprehended while burning trash without permission during the heat of the day and was fined $50.

Ira Lee Edwards and James C. Moore, both of Oroville were fined $50 each for leaving their campfire unattended. They were apprehended and cited by the same forest officer who had issued them their camp fire permit the previous day.

C. M. Murphy of Sparks, Nevada was cited to appear in Judge Charrison's court on the charge of dumping hot ashes. The resulting fire threatened their own and other summer homes on the Truckee river. Murphy was levied a $50 fine.

PRIVATE RITES ARE HELD FOR MATRON

Private funeral services were held in San Francisco Tuesday for Mrs. Clara Hellman Heller, 81, prominent in the bay area's cultural, philanthropic and intellectual life, who expired unexpectedly while vacationing at Crystal Bay. Mrs. Sidney M. Ehrman, also prominently known at Lake Tahoe, was a sister.

Mrs. Heller was the wife of the late Emanuel S. Heller, one of San Francisco's great lawyers and mother of Edward H. Heller, San Francisco financier and former regent of the University of California.

Fatally Hurt

Gayle Dougherty, 22, Reno was fatally injured Sunday when a car in which she was riding missed a curve near Zephyr Cove and smashed into a billboard pillar. Miss Dougherty was a graduate of the Reno High School and had been employed as a secretary.

Club Formed For New Recreation Program Locally

Shadow Valley Is Chosen As Name For New Golf Course

Shadow Valley Golf Course was the name selected by the Truckee Recreation Committee, meeting last week, for the new course now nearing completion south of here on the Brockway cutoff.

This name was chosen by John Engen, supervisor of the course and for the name he was presented with a month's free green fees. The name has been forwarded to proper state authorities by Attorney Robert Fugazi for approval before it becomes official.

Second choice for a name was Echo Mountain, submitted by Mrs. Clarence Osburn, while Carol Tollefson was third with Thunder Valley.

The committee decided to form a non-profit corporation, under the name of Shadow Mountain Country Club with membership fees of $5 per year for each person or $10 yearly for a family, effective when the golf course is completed.

A special account has been opened in the name of the club, Mrs. Karl Kielhofer, secretary, reported as several eager families are already paid members of the club.

Membership in the club, it was decided, will entitle holders to participate in all social events throughout the year, but does not include greens fees. Anyone desiring to become a member and assist in the organization, may contact either Mrs. Kielhofer or

Football Meeting Called August 24

Varsity football candidates are asked to meet at the high school Monday, August 24, at 5 p.m., it was announced this week by Cal Farley, new head mentor this season.

Regular practice sessions will be held the first week for varsity candidates only from 5:30 until dark. The junior varsity squad will be under the tutorship of Guy Wilson this season and will not begin practice until school opens August 31.

Farley especially extends an invitation to any new boys in the area who might be varsity candidates with previous experience and he might not know personally to also be there August 24.

The season opener is scheduled for the local field September 12, 2 p.m. with the perennial rivals Manogue High School from Reno.

EMPLOYMENT UNIT OPENED AT TAHOE

The State of California Department of Employment has established a branch office at Kings Beach to serve the North Shore—Lake Tahoe, Squaw Valley, Truckee area.

Employment in the following categories is available:

Auto service station attendants, bus boys, chambermaids, clerk-typist, dishwashers, grocery-checker, greenskeeper, housekeepers, kitchen-helpers, PBX operator, porter.

Persons interested in this type employment are invited to contact the employment representative at the Western Union office, Kings Beach or telephone LIberty 6-3389, daily between 8 a. m. to 4:30 p. m. except Saturdays and Sundays.

Also employers are encouraged to use the department of employment's services in securing their employment requirements.

BURGLARY AT LOCAL STORE IS REPORTED

Approximately $500 worth of costume jewelry and miscellaneous other items were stolen in a burglary at the Donner Florist and Gift Shop Tuesday night, according to a report to Deputy Sheriff Roy Waters.

Entrance to the store was gained by breaking open a rear door, Paul Van Vleit, owner, advised the officer.

THROWING AT LAKE SWIMMERS IS RAPPED

Officers have issued a warning to parents of boys who have been throwing stones at bathers in Donner Lake. A local high school girl was struck in one eye with a rock recently and was nearly blinded. Such mischief will not be tolerated, Deputy Sheriff Roy Waters declared.

Hill Haven Guest—

Mrs. Connie Kammerer is returning this week from a visit at Hill Haven, the home of her brother-in-law and sister, Mr. and Mrs. Wellman Topham of Tiburon.

Date Noted—

A family party marked the August 14 birth date of Harold Langille.

NOTICE OF TRUSTEE'S SALE

On Friday, the 21st day of August, 1959, at 11:00 A. M., DORIS C. FELTON as substituted trustee (by virtue of an instrument entitled "Substitution of Trustee" dated February 20, 1957, recorded March 18, 1957, in book 230, page 459, Official Records in the office of the Recorder of Nevada County, California) under and pursuant to a Deed of Trust dated December 5, 1941, recorded December 8, 1941, in book 75, page 205 of Official Records in the office of the Recorder of Nevada County, California, and securing among other obligations a promissory note in the principal sum of FOUR THOUSAND ONE HUNDRED SEVENTY DOLLARS ($4.170.00) dated December 5, 1941, in favor of FRED D. RAYMOND (now deceased and whose interest as payee and beneficiary has by devolution vested in DONALD M. FELTON), will sell at public auction to the highest bidder for cash (payable in lawful money of the United States of America at time of sale) at the main entrance, Nevada County Court House, Nevada City, Nevada County, California, all right, title and interest conveyed to and now held by her under said deed of trust in the property situate in the County of Nevada, State of California, described as follows:

All that certain property being in the Southwest quarter of the Northwest quarter of Section 23, Township 17 North, Range 14 East, M.D.B.&M., described as follows, to-wit:

Beginning at the Southwest corner of the lot herein described a pipe 1 inch in diameter, from which the point for the quarter section corner between Sections 22 and 23, Township 17 North, Range 14 East, M.D.B.& M., bears South 35° 27' West 247.26 feet; thence North 6° 10' West 100.00 feet to the Northwest corner a pipe ¾ inches in diameter; thence North 83° 50' East 100.00 feet to the Northeast corner, a pipe 1 inch in diameter; thence South 6° 10' East 100.00 feet to the Southeast corner a pipe 1 inch in diameter; thence South 83° 50' West 100.00 feet to the place of beginning.

EXCEPTING from the foregoing described parcel that certain parcel of land as conveyed by the deed dated November ——, 1937, recorded December 4, 1937, in Book "39" of Official Records, at page 421, executed by William Rutherford, a single man, to Marie Aslakson, a single woman.

The beneficial interest under said deed of trust was distributed to DONALD M. FELTON by an "ORDER SETTLING FIRST ACCOUNT AND DIRECTING PRELIMINARY DISTRIBUTION" entered in the matter of the estate of FREDERICK D. RAYMOND, also known as FRED D. RAYMOND, also known as FRED RAYMOND, also known as F. D. RAYMOND, deceased, by the Superior Court of the State of California in and for the County of Placer in probate proceedings No. 8209; said Order having been recorded on August 13, 1956, in Book 223, page 407, Official Records in the office of the Recorder of Nevada County, California.

Said sale will be made, but without covenant or warranty express or implied, regarding title, possession or encumbrances, to pay the remaining sums due upon said note and secured by said deed of trust, to-wit: $2,999.11 with interest from February 14, 1948, as in said note and deed of trust provided, advances, if any, under the terms of said deed of trust; fees, charges and expenses of the Trustee and of trust created by said deed of trust.

The beneficiary under said deed of trust, by reason of a breach or default in the obligations secured thereby, heretofore executed and delivered to the undersigned, a written Declaration of Default and Demand for Sale, and written Notice of Breach and of election to cause the undersigned to sell said property to satisfy said obligations, and thereafter, on August 14, 1957, the undersigned caused Notice of Default to be recorded in Book 235, page 432 of Official Records in the office of the Recorder of Nevada County, California.

Dated: July 21, 1959.

DORIS C. FELTON, Trustee

LATE GAME WARDEN LEFT LARGE ESTATE

WOODLAND — A petition filed in the superior court values the estate of Erwin Marion Single, 43 year old state game warden who committed suicide here last weekend, at $120,000.

The petition asks that a son, Erwin H., of Sacramento, be named administrator.

A property settlement under which Single's estranged wife waived her right to what was declared to be his separate property accompanied the petition.

The agreement was notarized the day before Single's death.

Single was found dead last week. The coroner's office declared the death a suicide and said he apparently took some kind of pills.

Seventy-two per cent of the world's molybdenum, an alloy metal, is produced from Colorado mines.

TRUCKEE BOY, 7, IS KNITTING CHAMPION

ROSEVILLE — Officials of the Placer County Fair, which ended a four day run Sunday, were surprised to learn one blue ribbon winner knitting exhibitor is a 7 year old boy.

Dennis Weiler, son of Mr. and Mrs. Harry Weiler of Truckee, Nevada County, competed with the adults, most of them women who have been knitting for years. He took a first and a third place prizes for his sweaters and caps.

"It's certainly a surprise to me," exclaimed Les McClure, secretary-manager of the fair, "and it's the first time in 10 years I ever have seen such a thing."

He said even the judges, a group of women from Sacramento, probably are unaware they were judging a youngsters' works, since the rules prevent them from knowing who the exhibitor is.

The Weilers, formerly of Roseville, moved to Truckee last winter.

P. O. Tahoma, Lake Tahoe

Judge and Mrs. Philip Conley (the former Mrs. Phoebe McClatchy) of Fresno are in their summer home near Sunnyside.

* * *

St. Nicholas Episcopal Church Outdoor Chapel was crowded Sunday to hear Bishop Hayden of Sacramento Episcopal Diocese. The sermon was on the Ten Commandments.

* * *

Jim Reynolds and his new bride have returned from their European honeymoon and are in the former Bury home on Lakeview Drive.

* * *

John Wood, recently discharged from the Army, who lives with Wisdom and Dean and Gary Holbrook, Tahoe City, has had eye surgery in Reno and is getting along fine.

* * *

Johnny Calef, architect of Reno, is building an unusual house at Tahoe Tavern Heights—a six-sided living-dining quarters with an ell for two bedrooms. He hopes to have it framed in before the snow flies.

* * *

David McBride is breaking ground for a new house on Fairview Drive. Dave's with the Tahoe Tree Co.

* * *

John and Mary Martinson and the new baby, Anders, have moved into their new trailer at Donner Summit, where Marty is working on Highway 40.

* * *

Ran into Jor Bol and Karleen gassing up in Tahoe City for a run to Palo Alto where they'll stay with his parents until their new house is finished.

* * *

A grass fire at Dollar Hill last Saturday could have been very serious but for the fast action of the forest rangers and Tahoe City Volunteer firemen. Some ashes dumped two days previously caused the fire. Another small fire near Tahoe Tavern was controlled by the rangers and Tahoe City Volunteers.

* * *

Link and Peg Dempsey, Tahoe City, went to Vallejo last week to attend the Rosary for Link's grandmother, Mrs. Mary E. Dempsey, who passed away August 9. She would have been 86 on August 18. Mrs. Dempsey is survived by a daughter, Mrs. Bernice D. Houston, Vallejo, a son, Cecil G. of Sacramento, a sister, Mrs. Frances Callahan of Watsonville, three grandchildren and three great-grandchildren, Pat, Mike and Dan Dempsey of Tahoe City.

* * *

Link Dempsey, John Anderson of Tahoe City, and Harvey Hopkins of Sacramento are opening a new business named HAD Ready-Mix Concrete Co. Offices on Highway 89 between Lakeshore Propane and Dr. Dingwall's.

* * *

Sue Staurt's parents, Mr. and Mrs. Daryl Knoefler visited them last week. Mr. Knoefler is with the division of beaches and parks and was formerly stationed at Donner.

* * *

Marie Henry reports that Mr. and Mrs. Halley Rose of Auburn stopped in to say hello to friends last week. They went to school in Tahoe City as youngsters and Halley's father, Henry Rose, once captained the Nevada steamer on Lake Tahoe and later worked on the old Tahoe.

* * *

The Cooke property, between the Tahoe Boat Co., and the Village Store, has been sold. It is reported that a 22 unit motel is to be built.

* * *

The Little Leaguers played to a big crowd in a practice game Saturday at the South End. Eddie Gill and Larry Ingram, Tahoe City, made the All-Star Team.

* * *

Mrs. Sheila Drangel of New York City and West Hampton Beach, Long Island, is visiting her sister, Mrs. Al Fanger, Tahoma. Sheila and Judy Fanger had a marvelous time as Mrs. Drangel's guests in New York last summer and Mrs. Fanger spent several months there just prior to the girls' trip.

* * *

Every summer Dennis, Darien, Heidi and April Cauhope of Setauket, Long Island, New York, fly out to enjoy Lake Tahoe with their grandparents, Mr. and Mrs. Malcolm Graham of San Jose, now vacationing at Tahoe Pine Lodge, Tahoma. Mr. Cauhope is a navigator for TWA.

* * *

Mr. and Mrs. J. E. Jonsson of Dallas vacationed at Tahoma with their son Kenneth E. and family of Beverly Hills. Mr. Johnson, Sr. is president of Texas Instrument, Inc., Dallas and Kenneth is western regional sales manager.

* * *

Mr. and Mrs. Sidney Enrmann are entertaining their family at their Pine Lodge estate.

* * *

Mr. A. B. Antone of McKinney Estates subdivision states they are opening another unit for sale. The first unit is almost sold out.

* * *

Safeway Stores has confirmed the purchase of 154,000 square feet of Tahoe lake front property formerly owned by the late Miss Alice Griffith, for a market site.

* * *

Staying at Tahoma Resort and enjoying their new boat on Tahoe's blue waters last week were Mr. Charles Norris of San Francisco, brother of G. W. Norris of Tahoma, and Mr. and Mrs. Charles Ellis of Napa.

* * *

Mrs. Dorothy Bushey, secretary-treasurer of the Tahoe Cedars Property Assn. reports that Mr. Ray Chism, El Dorado county supervisor, explained to the meeting held August 13 that zoning must be decided by 1960 and work on the tract roads is to be done soon. There will be a 5 cents per $100 valuation tax next year for the purpose of buying metal sign posts and enamel street signs for all intersections. It was agreed to buy disposal cans for the community beach and the community will share the costs of garbage disposal with Robert L. Anaclerio who runs the boat house.

* * *

Mrs. Leland (Millie) Thomson of Tahoe Pines entered Washoe Medical Center, Reno, for surgery this week. Mrs. Stella Elliott of Swiss Village is baby-sitting for Millie during the day and Leland takes over at night.

* * *

Mr. and Mrs. Ray A. Gratner, although in the midst of building their new home in Tahoe Cedars Tract, are enjoying many visitors. Son and daughter-in-law Don and Pat Gratner, with young Pat, are up, with Don's boss Cecil Mosier and family, all of North Hollywood. Both men are with the city water department in Van Nuys.

* * *

Mrs. Betty Starratt, Ann and Sally spent a week at Dillon's Beach with Betty's parents, Mr. and Mrs. Richard Lee of Lincoln.

* * *

Women's beach hats have been a zany sensation this year. Wackiest one we've seen, but ever so becoming, was worn by young, blonde Joy Ferris of Whispering Pines, Tahoma. Chic black straw, it rose to a dizzy peak on which perched a striking red and yellow felt octopus. Joy said it was a do-it-yourself model and it was mighty fetching.

Tahoe Items

Rev. and Mrs. Cedric Porter and children of Nevada City have been vacationing near Fallen Leaf at the Stanford Camp Association summer site.

Mr. and Mrs. Robert Oates of Tahoe City now have a Grass Valley address.

Mrs. Stella Watson, a charter member of the Woman's Club of Tahoe was signally honored at a recent meeting for her 32 years of work and unfailing interest in the organization. The feted guest was presented with an orchid by Mrs. Ted Finger and an enjoyable reading was done by Mrs. H. C. Johnson, following the luncheon meeting. Mesdames P. Friday, Fred Pedley. P. Brubaker, Jean Patterson were also distinguished guests and new members were added to the club.

Mrs. Della Goss, although bedridden has helped in the litterbug campaign by making litter bags and reminding friends who drop in of the need for clean highways.

Meets at Wyethia Clubhouse, Truckee.
Everyone Welcome
Sunday School: 9:30 a.m.
Morning Services: 11 a.m

How the understanding of God as divine Mind brings health and harmony will be brought out Sunday at Christian Science services.

John's account of the healing by Christ Jesus of the impotent man at the pool of Bethesda (Ch. 5) is presented in the Bible readings. The Lesson-Serman is entitled "Mind."

From "Science and Health with Key to the Scriptures" by Mary Baker Eddy will be read the following (339:25-28): "The basis of all health, sinlessness, and immortality is the great fact that God is the only Mind; and this Mind must be not merely believed, but it must be understood."

The Golden Text is from Psalms (147:5): "Great is our Lord, and of great power; his understanding is infinite."

(Non-denominational)
Roy S. Rhoades, Pastor
Sunday school, 10 a. m.
Morning worship 11 a. m.
Sunday Evening, 7:30 p. m.

Is the Book of Jonah the achilles heel of the Bible? Is it a typical fish story? In warfare the enemy is intent on detecting the weak spots in the line of the opposition. The attack is centered at that vantage point. Many of the liberals and higher critics point to Jonah as a fantastic, fish, fantasy. Pastor Rhoades will show that Jonah was a real person, that Christ validated his message and that the import of it is for our admonition.

This week the Wednesday evening Bible study and fellowship was held in the home of Mr. Erwin Kellogg Tahoe Vista.

8 p. m.—Evening worship.

Sermon: "What Can I Believe . . . About Baptism?"

Remember the swiss steak dinner this Sunday, 4-8 p. m. to benefit the building fund.

BE CAREFUL WITH FIRE

PROBE OF HEARING AID RACKET STARTS

SACRAMENTO (CNS) — An intensive investigation into possible rackets in the hearing aid industry will be launched by the senate committee on public health and safety, Senator John F. Thompson (R-San Jose), chairman, has announced.

Thompson said a great many abuses in the field had been reported to his committee. The devices now sell from $50 to $650, with no state regulations.

Thompson said the possibility of licensing hearing aid dealers would be considered.

Many persons who purchase hearing aid have the type of hearing loss that cannot be helped by any mechanical means, Thompson. Others purchase instruments which are not properly fitted for their particular needs, resulting in distorted sounds.

"Many hearing aids end up in a drawer, and the disillusioned purchaser is left bitter and broke," Thompson said.

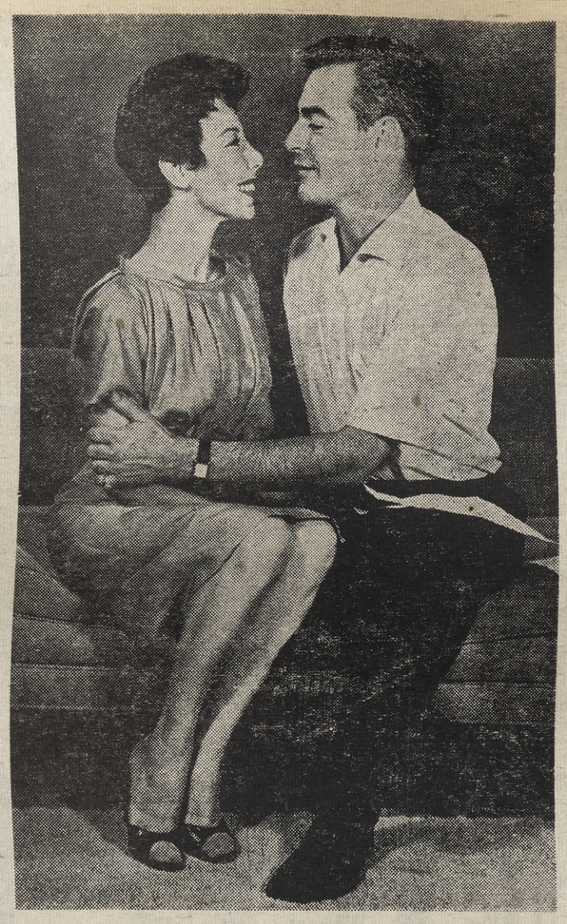
BOARD TO RESTRICT BEVERAGE PERMITS

SACRAMENTO (CNS) — The state department of alcoholic beverage control reported it is not accepting applications for new on-sale general liquor licenses in counties in which they presently are unavailable, even though department of finance statistics may indicate population increases.

On-sale liquor licenses are issued at the rate of one for each 1000 residents in a county. Except for 10 counties, the quotas of licenses are filled on the basis of the most recent population figures being used by the department (from 1956).

Substantial gains have been reported by the department of finance but the department of ABC said it wants to make a thorough study—expected to take several months—to see the economic and social effect issuance of new licenses might have.

Squaw Valley, site of the VIII Olympic Winter Games February 18-28, 1960, is approximately two miles long and one-half mile wide.



Anne Triola, one of the most popular performers in Music Circus history, and Gar Moore, motion picture and television personality, star in Bells Are Ringing, the last show of the 1959 Music Circus season. The musical comedy hit is playing nightly through Sunday under the big tent at 15th and H Streets in Sacramento.

TRUCK DRIVERS ARE WARNED ON SIGNALS

Truck drivers who leave their turn signals flashing while parked at restaurants or along the roadway are not only violating the law but are creating a potential traffic hazard, Bradford M. Crittenden, Commissioner of the Highway Patrol, said today.

"The Highway Patrol, together with operators of other emergency vehicles, uses its flashing amber red lights to indicate a situation requiring extra caution by the motorist," Crittenden pointed out. "The value of these warnings will soon be lost if motorists get the idea that they merely indicate that a trucker has stopped for a cup of coffee or something to eat.

The highway patrol official noted that the law authorizes truckers whose vehicles are disabled along the roadway to use the flashing turn lights on both sides of their trucks until such time as they can place flares along the roadway. Otherwise the use of turning lights is legal only to indicate that the vehicle is turning or changing lanes.

"The use of clearance lights and parking lights, which is required by the vehicle code, adequately safeguards the truck when it is parked away from the roadway. If it is necessary because of a disability to park the truck on or within 10 feet of the roadway, warning flares must be used," Crittenden declared.

FINE OR JAIL

Carl Andrew Crabtree, 46, was sentenced to serve 50 days in the county jail or pay a $263 fine on a drunk driving charge when he appeared before Judge F. W. Wilson here last week.

The VIII Olympic Winter Games at Squaw Valley, February 18-28, 1960, will be staged on 6000 acres of land, 1000 of which will be incorporated in the state park system after the games. All of the property is within the Tahoe National Forest.

DRIVE CONTIUNES TO MAKE TRUCKS SAFE

SAN FRANCISCO — Safety experts of the California Public Utilities Commission continued their intensified campaign against truck accidents, to make highways safer for the public, by making complete inspections of 1053 vehicles during April, May and June at 374 terminals of for-hire carriers.

During the second-quarter inspections 11 vehicles were found with unsafe brakes in such condition that the vehicles were ordered removed from service until repairs could be completed. There were 363 other vehicles which were found to have brake deficiencies and these were corrected before the trucks left the terminal.

Public utilities commission safety inspectors make exacting checks on company records of maintenance. They make sure that a copy of a physical examination is on file for each driver of a truck under safety jurisdiction of the commission and examine the log of drivers' hours of service to find out whether they have complied with CPUC regulations limiting the number of consecutive hours a driver may operate a truck. Records of hauling explosives or other dangerous cargoes are checked for safety compliance.

The largest international airport on the Pacific Coast is San Francisco's located in San Mateo County.

TWO SPEAKERS ARE FEATURED AT MEET OF TAHOE ROTARY

TAHOE CITY — Two guest speakers supplied the entertainment at the August 11 luncheon meeting at Tahoe Inn.

Wally Lagoria, assistant housing director for the 1960 Winter Olympics at Squaw Valley told of erroneous reports that all housing accommodations in a radius of 50 miles had been booked solid, even to beds in basements and that tickets to the games were sold out. He said there will be plenty of accommodations without sleeping in basements and that the tickets are not sold out.

Charles Spillner, the new game warden stationed at Truckee, told of wild life protection and the why for the special deer tag permits to shoot antlerless deer. He said the special permits had been to improve deer herds rather than diminish them and that the decision of the division of fish and game to issue such permits in various areas is governed by various factors including range feed.

Reminded of the criticism for the 1956 antlerless deer permit, Spillner said there had been violations of the permit where spotted fawns were found killed and left where shot. Spillner was accompanied by George Wurst, a game manager, who also will be stationed in the area as game warden. All three men were introduced by program chairman Bob McMahon.

Three members were mentioned in birthday songs for the usual fee. They were Ernest H. Pomin, Bill Vernon and Howard Martin. Bill Bechdolt presided.

JOSEPH BLAKE, CHP VETERAN, EXPIRES

Joseph E. Blake, 66, retired captain of the Nevada County unit of the California Highway Patrol and wearer of Badge No. 1 in the patrol, expired following a heart attack Sunday at Grass Valley. It was the second attack within three weeks.

Blake, who was widely known in this area where he once commanded the squad, retired in June, 1957. He was appointed to the patrol by the board of supervisors in 1924 and served continually in that capacity.

The deceased was a native of Iowa, but went to Sacramento with his family at the age of 5 years. He was a member of the Masonic Lodge at Grass Valley. He leaves his wife, Lillian and a son, Eugene, both of Grass Valley and two brothers, Irva of Pleasant Valley and Tyler of Sacramento.

JAMES PAINTER IN NAVY MANEUVERS

SEATTLE—(FHTNC)—James H. Painter, storekeeper third class, USN, son of Mr. and Mrs. Carl U. Painter of Truckee, serving aboard the guided missle ship USS Norton Sound. participated in the West Coast's annual Sea Fair Parade Aug., 6, in which ships of the U. S. First Fleet entered Elliott Bay, at Seattle, in formation.

The parade of ships was followed by a two-day recreational visit to the sea fair's exhibits and displays along with witnessing the small boat races.

The State of Georgia leads the nation in peanut production.

DONNER DOINGS

BY VIRGINIA O' BEAR

Mr. and Mrs. Spencer Richards and daughters Terrie, Tammy and Liz, spent the weekend camping at Topaz Lake in Nevada. They took Terrie's little friend, Chris Foster with them and all four girls had a wonderful time riding the aquaplane. Jo said the water was so smooth and that there were very few boats over there which made it much nicer for boating, skiing and riding the aquaplane. Jo was skiing with two skis when she accidentally dropped one of them and she said it was the first time she had ever skiied on one ski.

* * *

I saw Bert and Arlene Johnson go by our place place in a station wagon loaded down with children so I know they were up this past weekend. I didn't get a chance to talk with them this trip but I can imagine they are busy with another project with their Thunderbirds. This is a junior riding group and all of the youngsters ride their horses bare-back in full Indian dress. Some time when there is a special doing at Donner Lake or in Truckee, Arlene said they would bring the group up and let them perform for the people in this area.

* * *

Mr. and Mrs. E. Hallberg of Castro Valley were up over the weekend inspecting their new home that is almost finished. It is being constructed near the home of the Spencer Richard's.

* * *

Mr. and Mrs. Charles Garayade just returned from Healdsburg to finish work on their brand new motel. They went down to Healdsburg to attend a wedding since one of Charlie's favorite nephews took the step down the altar. Also attending the wedding from this area was Wayne and Tony Heitz and Mrs. Grace Heitz.

* * *

If you see a pretty baby blue Thunderbird convertible go by you can just bet it will be Joanne Affeldt! I saw her in it Sunday and she seemed mighty proud of it. I imagine "Doc" would have been in it too, only he worked all day Sunday with the rest of the volunteer firemen clearing the lot for the new firehouse.

* * *

Dr. and Mrs. Charles Widenmann spent a week at the home of Mr. and Mrs. Hap Warnke. Since Margaret was here with the children and had to cook anyway, Donna thought it would be a good opportunity to go and visit her folks in Oakland for a week, that way Hap had someone to cook his meals and didn't have to eat out.

* * * *

The board meeting scheduled to be held at the home of Mrs. Richard Walker was changed Monday night to the home of Mrs. Rex Reid. The Ladies Auxiliary will have the regular meeting in Truckee at the home of Mrs. Tony Polyanich and it is hoped that everyone will attend (August 20). We hope our secretary will be there as she has been under the weather with the flu and that is why the board meeting was held at President Bess' home.

* * * *

We have all kinds of conveniences at Donner Lake. The other day I managed to get away with the children for a few hours so we went for a boat ride. After being out for a little while we realized we were thirsty so we pulled up at the pier at Donner Lake and Dale Stricklin was right there to serve us some soft drinks and ice cream bars and we didn't even have to get out of the boat!

* * * *

The lake is being patrolled and last weekend the job was well done by Sheriff Emery Lander. It is hard to be everywhere at the same time so if you are still having trouble, just be patient because in a little while the violators will be caught and given a citation. At least we have the ball rolling and in a little while people will know that the laws are being enforced and will be more careful.

* * * *

A lot of hard work was put in Sunday by the volunter firemen at Donner Lake. R. L. (Shorty) Harris donated his equipment and operated his Allis Chalmers HD6 loader all day until all the trees were removed that he uprooted to clear the lot. A lot of chain saws were donated and the firemen cut up the trees as soon as they had fallen. They were loaded on the trucks and hauled away and now the lot is ready for the foundation and the building which the firemen hope to have up before winter. All this proves that there is progress at Donner Lake and we are all working together.

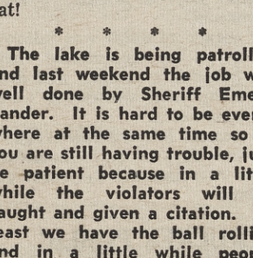
TIMBER SALE PLANS NEARLY COMPLETE

Supervisor Henry (Hank) Branagh of the Tahoe National Forest announced that the sale preparation work for the disposal of the timber burned in the disastrous Sierraville fire is about complete. This fire, occurring early in July, destroyed some 18 million board feet of trees 16 inches and larger in diameter. These are all merchantable trees to some degree and will make economical logging operations.

Five auction sales will be conducted during the period of August 17 to August 24. Terms of the sales contracts will provide for immediate logging operations in order to prevent further loss. Contract will also provide for erosion control and soil stabilization practices in areas after they are cut.

Branagh also stated that the burned area is planned for extensive rehabilitation by the forest service. This will include immediate seeding of some areas in grass as a soil stabilization practice and extensive reforestation in order to get the area back into a timber production and wild life habitat area.

"We have had timber appraisal crews in the area for the past month," Branagh said, "in order to get these sales made and our program for salvage and area rehabilitation started. This preliminary work is now done and we are ready to start the actual work."



Their Future Lies In The Balance!

If you are like many fathers who add new life insurance from time to time, you probably find it hard to tell just how well balanced your program is and what it provides. Ask about *balanced protection* soon—your family's welfare may well depend on it!

To California...

a glass of beer is many things

Californians pioneered the backyard swimming pool. Now more popular than ever, the home pool blends right in with California's relaxed way of life. And so does a good glass of beer. It's always the light, bright beverage.

And in this state beer means more than refreshment. It means a better, growing economy. In 1958, for example, the Brewing Industry purchased almost 53,000 tons of California-grown barley—*just one more reason why beer means better living for Californians.*

STATE SHOULD MAKE EVERY EFFORT FOR REFORESTING PLAN

SAN FRANCISCO — California state government should "intensify and accelerate" efforts to determine the most effective and cheapest reforestation methods, members of the Commonwealth Club of California voted today by a majority of 1590-72.

The secret membership poll followed a two-year investigation by the club's study section on forests and recreation of the problem of reforesting California's 4,000,000 acres of idle or partially stocked cutover land, which the section pointed out is nearly a fourth of the state's 17,000,000 acres suitable for commercial timber.

The section's published report, containing pro and con arguments, was distributed to all Commonwealth Club members prior to the secret mail ballot. It declared that "in California, reforestation is not easy. The state's long dry summers cause heavy mortality among the seedlings in the first few years. We must learn how to overcome this disadvantage. Indeed, this problem and that of lowering costs of establishment, are the principal over-all technical ones at present."

Club members voted that such studies should be "conducted by the state in cooperation with the federal government and private owners," by a majority of 1251 as against 388 for alternative suggestions.

Actual reforestation, however, should be by the owners (1511) rather than the state (145), the poll concluded.

Members opposed (814-636) any state reforestation subsidy, but held (763-181) that if a subsidy were granted it should be "for replanting only."

By a majority of 1568-85, the Commonwealth Club favored "an endeavor to formulate forest taxation principles for encouraging long-term reforestation."

71 DRUNK DRIVERS DAILY ARE PENALIZED

SACRAMENTO (CNS) — First offense drunk driver licenses in California are being suspended at the rate of 71 per day, Robert I. McCarthy, director of the department of motor vehicles, announced today.

McCarthy started July 1 on an expended program to rid the highways of drunks. In the first four days of August, the department ordered 286 first offender licenses suspended for six months, and during July, 42 suspensions of a similar nature were ordered.

During July, 4162 drivers were convicted of drunk driving, but only 43 affected by the department's new program, as the great majority were arrested prior to July 1. Of the July convictions, the courts ordered no suspensions in 1547 cases, and suspended 143 others.

NEW RECORD

SACRAMENTO (CNS) — The division of highways announced a new record for San Francisco-Oakland Bay Bridge was set on July 31, a Friday, when 124,174 vehicles crossed the span. The previous high of 123,488 vehicles was set last June 19.

CIGARETTE TOSSERS DUE FOR CITATIONS

Motorists who toss lighted cigarets, cigars or matches out of their automobiles will be cited if observed by members of the California Highway Patrol, Commissioner Bradford M. Crittenden declared today.

Crittenden urged all motorists to cooperate by always using their ash trays, but added that patrolmen will rigidly enforce the law that prohibits throwing any lighted substance on any road or highway outside of a business or residential district.

"We already have had several disastrous forest fires this season and the state division of forestry warns that this is the most critical year we have had in a long time," the commissioner continued. "A match or a smoke tossed from a car can touch off a blaze that could burn hundreds of acres of timber, destroy thousands of dollars worth of private property, and cause loss of human life.

"Our enforcement activity will not, however, be confined to mountain and forest areas. The law applies anywhere in California, and if we can educate the public not to throw lighted material from their cars anywhere they will be less likely to break the law in an area where great damage can be done."

NEW NOTARY

SACRAMENTO (CNS)—Secretary of State Frank M. Jordan today announced issuance of a notary public commission to Richard C. Swanson, P.O. Box 355, Truckee.

The best-known secret in brewing

Since before the turn of the century, brewing authorities in Europe and this country have agreed that a common link exists between the world's great beers. Whether brewed in Bavaria, the British Isles or America, beers with world-wide reputations for quality always have been found to possess brewing waters of exceptional character and unchanging excellence. These rare waters are capable of extracting from select hops and grains the most delicate flavors and aromas. One such water flows cold and clear from Olympia's own artesian wells. It is this rare, *naturally perfect* brewing water that makes the refreshing difference in light Olympia Beer.

FINAL BOAT RACE OF SEASON IS SLATED FOR THIS WEEKEND

HOMEWOOD — Sunday, August 16, the Tahoe Yacht Club staged the second junior outboard regatta for the summer season at Lake Tahoe.

The third and final regatta will be held August 30 at the Sierra Boat Company when final results regarding the season winners will be announced. Their final standings will be determined according to the American Power Boat Association point system. The largest crowd of spectators as well as boat entries is expected at this final regatta.

Water skiers are looking forward to the two day 7th annual Water Ski Carnival to be held August 22 and 23 at Chambers Lodge on Lake Tahoe. Competitions are expected to be keen with a record number of entries, says Committee Chairman Mike Brown.

The trophies for Sunday's junior regatta winners were awarded to the following winners in their classes.

First race—7½ hp. 13 years and under: 1st, Bobbie Mullen, Pat Magan; 3rd, Denny Higgins.

Second race—Class B hydro, 14-18 years: first, Rocky Mullen; second, Hank Alrich; third, Jack Healy.

Third race—Class B utility, 14-18 years: first, Rocky Mullen; second, Tom Little; third Shane Magan.

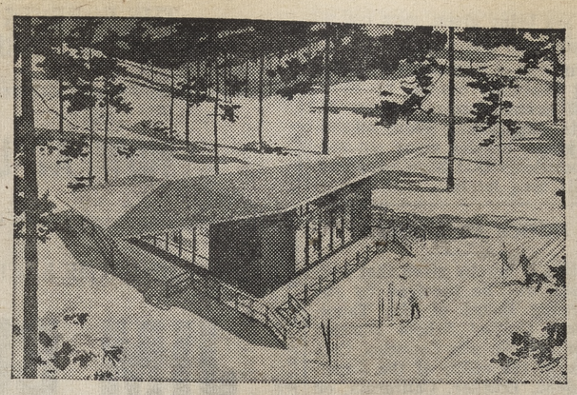
Fourth race—Runabouts 19 hp. and under, any age, first, Denny Mullen; second, Penny Clarke; third, Ollie Coster.

Fifth race—20 to 36 hp. runabout: first, Jake Obexer; second, Pam Clarke; third, Pat Magan.

Sixth race—37-50 hp. runabouts: first, Bucky McNeil; second Gary Taylor; Stannie Good.

Seventh race—51 hp. and over runabouts. One entry Jack Healy.

To add color to the next weeks water ski carnival California's Lieutenant Governor and Mrs. Anderson will be among the visitors. Trophies will be presented to the winning skiers by Lieutenant Governor Anderson, who is currently vacationing with his wife at Lake Tahoe's Chambers Lodge for the entire week.



INFORMATION HEADQUARTERS — Here is an architect's rendering of the Olympic Data Processing Center which will house the International Business Machine RAMAC 305 electronic computer during the VIII Olympic Winter Games in Squaw Valley, California, February 18-28, 1960. This machine will calculate scores, print results and prepare teletype tapes to transmit scores on a second to second basis.

CONSTRUCTION IS STARTED ON DATA PROCESSING BUILDING FOR 1960 GAMES

SQUAW VALLEY — Construction has begun on the Olympic data processing center, the building that will house International Business Machines Corporation RAMAC 305 computer during the VIII Olympic Winter Games at Squaw Valley, February 18-28. After the games the building along with all the other Olympic facilities, will be turned over to the California State Park Commission.

The Olympic data processing center will be the informational center of activity during the games. The IBM RAMAC will process scores of all events as they progress and provide instantaneous results for spectators and all news-gathering media at Squaw Valley and throughout the world.

Use of RAMAC will mark the first time in Olympic history that information will be processed and disseminated in minutes rather than hours. Two minutes after an event is over, preliminary results will be available. At the same time, the RAMAC will be producing teletype tape for use on a special circuit to various international press headquarters.

In addition to calculating and printing results, RAMAC will prepare starting orders immediately after the seedings, prepare recording forms for the race committees, print official results and prepare and print competitor certificates for each racer, showing his personal score and placing in each event.

As the games progress, up-to-date records on each competitor will be posted in English and French into the 1,000,000-word memory of the RAMAC.

Information on tickets and housing may be obtained by writing the Olympic Winter Games, San Francisco 5.

When Squaw Valley hosts the VIII Olympic Winter Games February 18 to 28, 1960, it will mark the second time the winter games have been held in the United States. Last time the classic was here was 1932, when Lake Placid, N.Y. staged the event.

CIGARETTE TAX IS NOT DEDUCTIBLE

San Francisco District Director of Internal Revenue, Joseph M. Cullen, today announced that the California cigarette tax is not a retail sales tax and therefore not deductible by purchaser in compiling their taxable income.

Cullen stated that the internal revenue service has ruled that the tax is not a retail sales tax and therefore is not deductible by purchases of the cigarettes under Section 164 (c) of the 1954 Internal Revenue Code. Insofar as the ultimate consumer or purchaser is concerned, the tax represents an additional cost of the article and is not deductible as a tax in computing his taxable income, he said.

The frist meeting for the purpose of organizing the democratic party in California was held October 25, 1849 in San Francisco.

WARM WATER GETS BLAME FOR INFLUX OF KILLER SHARKS

Warmer waters in the Pacific Ocean off the coast of Northern California are responsible for the recent shark scare, according to San Francisco writer, Harold Gilliam, in an article written recently for This World magazine in the Sunday San Francisco Chronicle.

Gilliam highlighted a fact known only to scientists and fishermen: man species of marine life usually found only in southern waters have moved up the coast as much as 1,000 miles north of their former habitats. Among these visitors are the great white sharks, or maneaters, which have caused two fatalities and numerous scares in the past three months.

Talking of these maneaters, The Chronicle article stated, "The shark is possibly nature's most efficient machine of destruction, and its very viciousness has enabled it to survive and prevail, as a living remnant of the earth's remote past. The dinosaur, the mastodon, the saber-tooth tiger, the pterodactyl — all evelved, reigned over the land and air and became extinct while the shark continued as the scourge of the seas, virtually unchanged throughout eons of evolution.

"The teeth of a large shark can easily bite through human bones, and he has other weapons as well. He can strike lethal blows with his body, cut with his fins, kick with his tail, and peel the skin off a human being with a swipe of his own thorny side. The armor-like skin is tough enough to blunt the sharpest knife, and even a harpoon will glance off unless it strikes the vulnerable points, such as the gills. Even a shark which has been disemboweled will continue swimming for hours."

Still, says The Chronicle's Gilliam, the increased number of encounters and attacks are due more to the increase in human population than to an increase in the shark population. The doubling of California's population (human) in the past 15 years, and the increasing popularity of water sports—especially skin diving—means that there are now several times as many people in the water. But, adds Gilliam: "Actually a swimmer's chances of being attacked by a shark are negligible, particularly when compared to a motorist's chances of being killed in an automobile.

'As against the total of four shark fatalities ever recorded in California, there are about ten people killed on California's highways every day."

Will the Pacific continue to grow warmer, thus attracting more sharks? According to The Chronicle article, the warm waters and fogless summers in the Bay Area are merely part of a short-term cycle which may be just about over. But, Gilliam adds, there are long-term cycles, too, and over a period of generations, the earth seems to be in a period of rising temperatures.

"What the coming years may bring, not even the most learned scientists can accurately predict. It is possible that even the long-term warming-up may cease and the temperatures fall until another Ice Age begins. All the mysteries of the physical world are not yet revealed to man, and he must still face the elements with a sense of wonder."

Harold Gilliam is recognized as an expert on the Bay Area. A former San Francisco Chronicle reporter, he is author of the best-selling book, "San Francisco Bay" and lecturer on Bay Area life and lore at the San Francisco State College Downtown Center. He is a frequent contributor to The San Francisco Chronicle.

TAHOE AREA COUNCIL OFFICIAL IS SPEAKER

KINGS BEACH — Fred Schultz, chairman of public relations for the Lake Tahoe Area Council, presented Howard L. Hensley as the speaker of the evening at the Monday night, August 17, meeting of the Rotary Club of North Lake Tahoe. Hensley told of the organization and aims of the council and highlighted some of the problems faced in the orderly development at the Lake.

Although several members attended the barbecue in Reno there were 46 Rotarians and guests present at the meeting.

What Is Our Duty As Christian Citizens?

by James P. Mitchell, U. S. Secretary of Labor

TWO societies are at war in the world today: one is our own Christian society which believes that God exists and that He cares for each individual man; the other society is Communism which insists there is no God and that man has no rights. In the conflict between these two societies, the Christian conscience has a stern and unavoidable call: to restore order and purpose to our Christian society which is in danger of breaking up because there is no real unity of moral purpose.

Mitchell

The Christian helps to heal this breach by doing that most simple but difficult of all acts — by living in the world. While the chief purpose of every life is the salvation of the individual soul, the commitment of the Christian to better his world makes that salvation more probable by providing the opportunity for the expression of Christian ideals. We need more Christians who know how to live in the world on Christian terms — and not on the world's terms.

BUT in order to revitalize the world through our Christian principles we must first rid ourselves of our "ghetto complex" — this living in a private world of our own. It's time we Christians come out of our ghetto and get to work in the world to instill purpose and give direction to our society. Merely talking about social principles is not enough. The man at the lathe must bring his Christian ideals to his union meetings just as much as the corporation executive must measure the responsibilities of his company in light of Christian standards. The action of all men in their everyday life is absolutely necessary if any headway is to be made toward a God-centered life.

It is my conviction that lasting peace will come only when Christian men and women make use of their Christian beliefs to meet the problems of the world. We must always be aware that the less fortunate members of the human family — a family that is predominantly non-white and to a great extent, diseased, hungry, or illiterate — may not mind being under Communist rule if they are promised security. They may not care whether Communist society is artificial and a thief of their true liberties if it can provide medicine, communication, food, housing and all the rest of the benefits of technology.

IF the peoples of the world sense in us a real dedication to the sacred principles we so often voice, then we have defined for them our purpose and our goals. If they sense instead that the western world is unsure itself of what it stands for, then how can they be expected to sympathize with our policies?

It is the conviction of the Christian conscience that mankind will endorse a society whose unity is based firmly upon moral ideals. But the Christian must help create that unity before it can be displayed. Such action will be difficult. To persevere, we must be fully aware and fully armed to face the obstacles and the setbacks which will mark the beginning of the long, difficult road to a better world.

In a frightening and real sense, the salvation of the world depends upon the way we serve God in the world.

NORTH TAHOE

By JUDGE HARRY CHARRISON

WEATHER

Oh yes, the weather again sez you—the same beautiful weather prevails but a little cooler. Howard Guth says he enjoys the weather report each week as do many who take the Sierra Sun in other parts of the country.

DANCES END

The Teen-agers are indeed sorry that the Friday night dances are ended. At the last dance Pat Coleman and Judd Bergman won the dancing contest at the Kings Beach grammar school. Margie Mandeville also received a prize for assisting with the summer dances. Rev. Langguth was pleased with the crowds each Friday night and next year the youngsters will dance with a 'live' band.

BUSY MONTH

This month is really booming and I wish summer was just beginning. Those who are Olympic minded are becoming more enthusiastic as the days go by. Last Saturday night was one of the biggest at the casinos. The Monte Carlo informed me they were filled to over-flowing from 6 p. m. until 6 a. m. Paul the chef, says the ad in this paper sure has kept them going. The management are very appreciative of the support they are receiving and say they will continue to go the limit for your enjoyment. Yes—the Monte Carlo Club will be open all winter.

GOLF COURSE

The Brockway Golf Course is improving fast now that the water is in full swing again—lots of golfers every day. Sure enough there goes Slim LaBorde and Mac MacCosky of the Crystal Bay Club riding their chariot up the fairway. We get a kick out of Slim—it's a swing at the ball—then a 'swig' at the beer can. Nice to have a grand stand seat to enjoy the sights. A caddy was telling me that our house is pretty popular when they shoot from the club house and slice toward our house there is a general chorus "oh, oh" there's another one for the judge.

TO GUAM

Kenny Lavery has been gone for a long time, at sea on the Cruiser St. Paul. His mother, Ruth, tells me he is now on his way to Guam and seems to be enjoying the navy more these days. We hope it won't be too long before Kenny will be coming home.

FROM CHICAGO

Mac and Thelma Bourroughs of Tahoe Vista have enjoyed having Mac's sister, Mrs. Emily Peters, for the past two weeks. Mac says she came up here to get a good sun bake and really got one. Went back to Chicago today as brown as berry and enjoyed every minute she was here.

WEEKEND VISITORS

Reece and Erlene Barnes with son Ricky spent the weekend here on their way home from Alaska. Joe Barnes with a friend also spent the weekend with their mother Ella Mae Blake of Brassee Avenue. Being Erlene's birthday Saturday, they celebrated with a dinner party. Ricky is staying up for a week or two to enjoy swimming with his Uncle Lloyd.

SIX FOOTER

Had a nice talk with Tommy Colton the other night up on the 'hill'—hadn't seen him for several years and many of the locals didn't know him, being over six feet and a big husky young man. Tommy works for a bread company but is still attending school. His mother, Eloise, is teaching school in Reno.

SURPRISE VISIT

Robbie and Gwen Robinson have as guests Mr. and Mrs. Carl Long from Texas. Mr. Long was a school chum of Robbies. They haven't seen each other for eleven years and it was a most pleasant surprise to see them. Sunday they all went to Hawthorne, Nevada to watch Craig play with the Truckee baseball team against Hawthorne. Truckee won 10 to 6.

COURT BUSY

The court room has been a busy place lately. It would surprise you the amount of fire violators brought in every day. With all the warnings posted and their own common sense should be enough during these hot dry days. Heavy fines are being given, even had a fireman from San Francisco in for burning out of hours. Other cases being husbands beating up their wives, drunk drivers, owners of resorts complaining about numerous things, besides many automobile accidents that have happened in this area lately.

NOTICE TO BIDDERS

Notice is hereby given that sealed bids will be received by the Governing Board of the Tahoe-Truckee Unified School District, Placer and Nevada Counties, California, at the office of the Superintendent, Truckee, California, on or before, and no later than September 8, 1959, at eight o'clock P. M. at which place and time bids will be opened for the purchase of one school bus in accordance with the specifications on file at the office of the District Superintendent.

The above bus shall meet all requirements of the State of California in every respect as set forth by the State Department of Education and the California Highway Patrol for 1959 regulations.

The Board of Trustees reserves the right to reject any or all bids, in part or in toto, to waive any irregularities, and to be the sole judge of the suitability of equipment offered.

Bidders are required to submit complete specifications for any and all items for which bids are offered and furnish a certified check in the amount of ten (10%) per cent of the bid to guarantee faithful performance of contract.

By order of the Governing Board.

NOTICE TO CONTRACTORS

Notice is hereby given that the Tahoe Truckee Unified School District, Counties of Placer and Nevada, State of California, hereinafter referred to as the Owner, will receive up to but not later than 8:00 P.M. on the 8th Day of September, 1959, sealed bids for the award of a Contract or Contracts for Addition No. 3 to Kings Beach School, Kings Beach, Placer County, California. Such bids shall be received at the Office of the Superintendent, Tahoe Truckee High School, U.S. Highway No. 40 near Truckee, Nevada County, California, and shall be opened and publicly read aloud at the above stated time and place.

In accordance with the provisions of Articles 1 and 2 of Chapter 1, Part 7, Division II of the Labor Code, and Local Laws thereto applicable, the Owner has ascertained the general prevailing rate of wages in the locality in which this work is to be performed, copy of which rates are as follows:

CRAFT	HOURLY WAGE RATE	RATE PER DIEM	HOLIDAYS & OVERTIME
Boilermakers	$ 3.90	$31.20	$ 7.80
Bricklayers	4.00	32.00	8.00
Carpenters	3.825	30.60	*
Electricians	3.95	31.60	9.20
Glaziers	3.39	27.12	**
Iron Workers—Reinforcing	3.60	28.80	7.20
Iron Workers—Structural	3.85	30.80	7.70
Laborers—General	2.865	22.92	***
Plasters	3.85	30.80	7.70
Painters & Decorators—Brush	3.60	28.80	7.20
Plumbers	5.10	40.80	10.20
Roofers	3.50	28.00	***
Sheet Metal Workers	3.85	30.80	7.70
Tile Setters	3.535	28.28	7.07

OVERTIME: Any additional time worked after the regular work day, Saturdays, Sundays and Holidays shall be considered overtime and paid for at the double the straight time rate unless otherwise specified herein.

* For the first four hours after the regular work day, overtime shall be time and one-half. All additional time worked up to 8:00 A.M. and on Saturday, Sunday and holidays shall be double time.

** For the first four hours after the regular work day and Saturday morning, overtime shall be paid for at the rate of time and one-half. All other time worked shall be double time.

*** Any additional time worked after the first eight hours of regular work day and Saturday shall be paid for at the rate of time and one-half. Sundays and holidays shall be double time.

Each bid must conform to the requirements of the Drawings and Specifications and all other Documents comprising the Contract Documents. The Contract Documents may be examined and copies obtained at the office of the Architect, GORDON STAFFORD, 1024½ J Street, Sacramento, California, upon the deposit of $25.00 per set, which deposit will be refunded on return of such copies within 10 days after the bids are opened.

No bid will be considered unless it is made up on a form provided by the Architect and accompanied by certified check, cashier's check or Bidder's bond for 10% of the amount of the bid, made payable to the Owner. The above-mentioned checks or bid bond shall be given as a guarantee that the bidder shall execute the Contract if it be awarded to him in conformity with the Contract Documents and shall provide the surety bond or bonds required within 5 days after notification of the awarded of the Contract to the Bidders.

The successful bidder will be required to furnish a Labor and Material Bond in an amount equal to fifty percent (50%) of the Contract price, and a Faithful Performance Bond in an amount to one hundred percent (100%) of the Contract price. Said bonds shall be secured from a Surety Company satisfactory to the Owner.

The Owner reserves the right to reject any and all bids and/or waive any irregularities or informalities in the bidding.

Dated this 14th day of August, 1959.

AFFAIRS OF STATE
by Henry C. MacArthur

SACRAMENTO — (CNS) — Observations made in the past in connection with California's colleges, which referred to them as being country club centers instead of educational institutions appeared to have more weight today as the RCA Service Company of Hollywood and San Francisco prepared to install nearly $100,000 worth of television and radio aerials in 22 of a contemplated 38 student residence halls.

The television aerials, however, will be confined to the recreation rooms of the dormitories for the present at least, as an official of the state department of education said "there is some question as to the desirability of permitting television in the student's living quarters." However, radio AM and FM will be available.

"Colleges and universities are wrestling with the problem on a nation-wide basis. It probably will left up to the local administration," the officials said.

So far, no courses have been announced concerning the character of "Gun-Slingers of the West," but if television is installed in every dormitory room, no doubt the students could take time off from mathematics and science to master this intricate subject, as well as to become adept at the "fast draw." After all, California is a part of the old West, and education, which eats up nearly 50 cents out of every tax dollar contributed by more than 15 million over-burdened taxpayers, should not neglect this phase of higher learning.

The $100,000 for antennas apparently does not include the installation of television sets in the recreation halls of the various dormitories. Each budget contains $300 more for that purpose.

"We are trying to provide the minimum essentials and comforts," the department official said. "The antenna system will keep them from stringing wires all over the place."

Theoretically, at least, the radio and television antennas will not be a drain on the state's general fund, as the dormitory program in the state colleges is supposed to be financed from revenue bonds, which if everything works out properly, will be paid off from rental of the dormitory rooms to the students. The theory is excellent, if it works.

Of course, the country club atmosphere is not as yet complete. The dormitories do not have individual swimming pools, these are provided by the taxpayers in most instances for the entire state college. And we can also look for the polo ponies later.

While no one expects to return to the days of Abraham Lincoln, who as history has it, studied books he had walked miles to procure by the light of an open fireplace, and did his sums on the face of a wooden shovel. Education has progressed a long way since that time, but in all probability some of the principles remain the same. One of these is that education may turn out to be valueless unless it is worked for and appreciated.

Education, in fact, is something like money and the old proverb of "easy come, easy go." If education, especially in the higher brackets, is reasonably hard to get, the principle remains that it will be appreciated more and applied more in later life.

Modern educators, or at least some of them, do not agree with this observation.

BUDGET REVEALED FOR JUNIOR COLLEGE

A total budget of $777,902.43 was adopted by the Sierra Junior College District Board of Trustees for 1959-60, requiring an estimated tax of 37 cents on the $100 of assessed valuation.

The budget includes a reserve carried over from 1959-1960 and will also build up an accumulated building fund to augment the $3,040,000 bond issue passed in October 1957 for a new plant.

A rough estimate indicates the 37 cent tax will require 31 cents to meet the proposed expenditure budget, 2 cents for retirement contributions for teachers and non-certified employes, and 4 cents to go into the accumulated building fund.

In other action, the board named Richard A. Lee of Lincoln to serve on the augmented school district reorganization committee which is considering the unification of Lincoln High, Lincoln Elementary, Sheridan and Valley View.

Approved a rental agreement for a $17,000 school bus made and delivered by Gillig Thursday. It will be financed through the Bank of California, and placed on a Nevada County run.

Named business manager George Alman inspector for the grading project now underway on the campus near Rocklin, and also designated him to dicker for the purchase of surplus property from governmental agencies.

Signed an agreement with the Auburn District Fair Board for use of the stadium in 1959-1960 for $333.

Adjourned until September 8.

NEVADA PLANS WORK ON SKIING FACILITIES

With the $37,000 deducted from the $200,000 voted by the Nevada legislature for aiding the 1960 Olympic Winter Games, the Nevada Olympic Commission has tentatively agreed to promote the Nevada Ski Bowl.

Commission approval is contingent upon a legal opinion from the Nevada attorney general which would show that the action would not violate the intent of the legislature in appropriating the money.

The action was taken upon recommendation by the four-man advisory committee comprising Earl Edmunds, William Berry, Gordon Wren and Sheldon Leonard.

The balance of the $200.000 will be used for building at Squaw Valley, site of the 1960 Olympic Winter Games.

The first known strike in the United States took place in 1786 when some Philadelphia printers struck for a $6 weekly wage.

NOTICE

On and after this date, I will not be responsible for any debts or obligations contracted by anyone other than myself.

CLUB FORMED

Continued from Page 1

Clarence Osburn, committee chairman.

A meeting will be held in the near future for the purpose of selecting officers for the first year's operation.

WORK PROGRESSES

Beach sand for the traps has been secured this week from Kings Beach where a new motel is under construction. Several hard-working men laid 1900 feet of 3- and 8-inch pipe during the weekend for the irrigating system and are spending evenings completing the task.

The lake which will be used for stocking fish during the summer and as a skating pond during winters, as well as supplying water to irrigate the golf course and baseball dianmond is finished and through the efforts of George Kenyon additional springs were discovered to assure ample supply of water.

The C. H. Burchett equipment is still operating on the project at reduced cost and Burchett was given a vote of thanks by the committee for his unselfish efforts.

The Clements Company was also praised highly for its community spirit. They have agreed to supply 1300 tons of sand for the greens at $1 a ton delivered, this being several hundred dollars below the value. The company has generously contributed time and material to the community project throughout the time it has been under construction.

The Truckee Pony League Saturday at 10 o'clock will volunteer their time with rakes and hard work to remove rocks from the baseball diamond. Other volunteers are needed, Mrs. Kielhofer said.

Donner Picnic Is Scheduled Sunday

By VIRGINIA O'BEAR

A large crowd is expected at the east end of Donner Lake this Sunday, August 23. An old fashioned picnic is planned with all kinds of games including horseshoe pitching and croquet. The Truckee Volunteer Fire Department, the Truckee Fire-ettes, the Donner Lake Volunteer Fire Department and the Donner Lake Ladies Auxiliary will have lots of fun picnicking, playing games and swimming.

Arrangements are being made so that each department will furnish a life guard to watch the children while the events are taking place. A few teen-agers will be on hand to assist with the children so parents can visit and join in with the fun.

Each family is asked to bring their own picnic baskets with food, paper plates, forks, etc. but refreshments will be furnished at the picnic. Tables will be set up which are being loaned by the Donner Memorial State Park. On hand to greet the people and assist with the games will be both Fire Chiefs from Truckee and Donner Lake. Truckee Fire Chief is Glenn Coffey and Donner Fire Chief is Emery Lander. All members are invited to the picnic and are urged to bring the whole family so everyone can join in with all the fun.

Anyone with interesting outdoor games for children, may bring them if they like. Any games that would be interesting for adults could be brought that day but be sure to put your name on the game. Anyone with some old horseshoes to spare might put them in the trunk of the car in case there are not enough to go around. The main thing is to get to the picnic and have fun after the busy summer months we have all experienced. Winter will be here soon, lets get some sunshine and fun while we can!

NOTICE OF HEARING VARIANCE TAHOE VISTA

Notice is hereby given by the Placer County Planning Commission that two public hearings will be held by said Commission on Friday, August 28, 1959, and Friday, September 11, 1959, at the Courthouse, Auburn, Placer County, California, at the hour of 11:00 a. m. to consider an application for a variance to construct a free-standing sign of approximately 256 square feet in a multiple zone. Said variance is requested because for a project of this size and investment, a 50-square-foot sign as now required would not be in order. Said sign to be constructed on the following described property, in conjunction with a 100-unit hotel resort:

Parcel 2: Part of Section 13, T. 16 N., R. 17 E., commencing at the NE corner of Lot 1, Block C, Tahoe Vista; running thence N 26°28′ E 238.49 ft; thence N 69° 15′E 64.50 ft; thence N 79°09′ E 180.50 ft. to a point on the south line of the State Highway at the NW corner of the parcel to be described hereby, the point of beginning, and run thence from a tangent which bears N 89°02′50″ E along the south line of said highway on the arc of a curve to the right with a radius of 525 ft. through a central angle of 11°00 ′20″, the chord of said arc bearing S 85°57′E for a distance of 100.70 ft., thence S 2°12′ E 685.18 ft. to the shore of Lake Tahoe; thence along the shore of Lake Tahoe, N 53°01′ W 129.01 ft; thence N 2°12′W 615.50 ft. to the point of beginning together with all land which lies south of and between the hereinabove described property and Lake Tahoe and between the east and west lines of said property continued southerly to Lake Tahoe.

Parcel 3: Part of Section 13, T. 16 N., R. 17 E., commencing at the NE corner of Lot 1, Block C, Tahoe Vista; running thence N 26° 28′E 238.49 ft; thence N 69°15′E 64.50 ft; thence N 79°09′E 180.50 ft. to a point on the south line of the State Highway at the NW corner of the parcel to be described hereby, the point of beginning; and running thence S 2°12′ E 685.15ft. to the shore of Lake Tahoe; thence along the shore of Lake Tahoe S 53°01′E 27.19 ft; thence S 63°39′E 109.28 ft; thence leaving said shore N 0°59′ W 706.84 ft. to the south line of the State Highway; thence along the south line of the State Highway of the arc of a curve to the left with a radius of 525 ft. (the chord of said arc bearing N 72°14′40″W) a distance of 140.64 ft. to the point of beginning, together with all land which lies south of and between the hereinabove described property and Lake Tahoe and between the east and west lines of said property continued southerly to Lake Tahoe.

At said hearings all persons in favor or oposed thereto may be heard.

HARRY STUBLEY, Secretary
Placer County Planning Commission
NANCY CAPERON, Clerk of Said Comm.

Dated: August 18, 1959
Publish: August 20, 1959

NEW AMPHIBIOUS AIR LINE IS STARTED

TAHOE CITY — Tahoe Airlines Incorporated announced today the addition of new amphibious aircraft to their regular schedules from San Francisco to Lake Tahoe.

Starting Sunday, August 23, a McKinnon modification of the dependable Grauman Goose will fly passengers from the San Francisco International Airport to all points of Lake Tahoe. The first landing will be on water, 10:30 a. m., at Chambers Lodge. From that point shorter flights will be made to the recently opened Lake Tahoe Airport in Tahoe Valley, at 11:45 a. m., and Reno Municipal Airport, at 3:30 p. m. for hand demonstrations of the McKinnon's improved performance.

This flight will inaugurate all year, all weather air service to Lake Tahoe.

"This flight will set the pattern for future air transportation to and from Lake Tahoe" stated Dwight Hansen, president and manager of TALI. "To adequately serve Lake Tahoe, its many visitors and residents, Air Service should be amphibious as well as terminating at a large depot. We plan to add Nevada cities to our scheduled flights for a greater service to our passengers and as needed, central California stops."

Present service of Royal Gull Flying Boats into Sausalito from Lake Tahoe will continue to be scheduled.

Sunday will mark the first time four engine passenger service has been brought to Lake Tahoe.

BRUNKER IS NAMED TO CONDUCT CENSUS

Appointment of Weston W. Brunker of Grass Valley, as a field assistant for the 1959 census of agriculture was announced today by the bureau of the census, department of commerce.

Brunker will direct a force of 18 crew leaders and 254 census takers in 30 counties in northern California. Counties in which Mr. Brunker will supervise the farm census this fall include:

Alameda, Butte, Colusa, Contra Costa, Del Norte, El Dorado, Glenn, Humboldt, Lake, Lassen, Marin, Mendocino, Modoc, Napa.

Nevada, Placer, Plumas, Sacramento, San Francisco, San Mateo, Shasta, Sierra, Siskiyou, Solano, Sonoma, Sutter, Tehama, Trinity, Yolo, Yuba.

Brunker will enter on duty September 14 and receive several days of training which will cover administrative procedures and other duties and responsibilties connected with the job. He will be responsible for recruiting the crew leaders who will enter on duty on October 19. The crew leaders will in turn recruit the census takers who will enter on duty on November 11.

The 1959 census of agriculture will collect information on the number and size of farms, acreage and harvest crops, livestock production and inventories, selected farm facilities, selected farm expenditures, farm values, and mortgage debt. Information will be published for counties, states, and the nation.

Five Accidents On Roads Reported

Five motor vehicle accidents in this area in which six people were injured and hospitalized, were reported by Sergeant Frank Snyder of the California Highway Patrol during the past week.

Bernard Romano, 28 year old San Francisco druggist apparently fell asleep at the wheel of his car near Flycasters Saturday morning at 9:30 and ran off the road and hit a tree. He was taken to the Tahoe Forest Hospital by Truckee Ambulance.

Lester Niel of Kings Beach was cited Friday after his car and one operated by Hubert D. Thompson, Crystal Bay were involved in a collision 2.5 miles north of Tahoe City. Thompson was attempting to pass a parked car owned by Harry C. Williams of Rolling Hills when the Niel car also attempted to pass. Thompson was injured in the accident.

Four cars were involved in a Gateway rearend collision Sunday morning at 11:05. Cars driven by Wilbur D. DuBord, Reno, John R. Nelson, Kimberly, Idaho, and Joseph E. Hightower, Stockton, had stopped when the fourth car driven by Dr. Janet C. Kirk, Paso Robles, crashed into them. She was cited for following too close. Mrs. Elma Hightower was injured.

Edward A. Perkins of Tahoe Vista was cited for being on the wrong side of the road and failure to yield right of way when his car and one driven by Victor F. Bologna, Jr., San Francisco were in a collision at Kings Beach Sunday at 10 a. m. Mrs. Perkins was injured in the collision.

Mrs. Arthur Beckworth of Concord and Henry Huber, a Redwood City student were injured Monday at 1:40 a. m. when cars operated by Huber and Beckworth collided near Blackwood Creek. Beckworth was cited for speeding.

MAGAZINE COVER IS PICTURE OF DONNER

"Go", the official publication of the California Trucking Associations, in its August issue devoted the colored front cover to a photo of this area taken from the west approach to Donner bridge. The one item which the artist was not too careful to conceal was the fact that the rear wheels of a large trailer are across the center line of the highway.

The truck is ascending the summit. The picture is very typical of the area.

TRUCKEE FIR ASKS FOR INCORPORATION

SACRAMENTO—(CNS) — Secretary of State Frank M. Jordan announced Truckee Fir, Inc., a Nevada county timber and forestry products firm, has filed articles of incorporation with his office to be capitalized at $30,000 in $100 par shares.

The firm listed its directors as M. F. Pontius, Rt. 1, Box 47, Grass Valley; DeWitt Smith, Rt. 1, Box 57, Nevada City; E. B. Doolittle, Box 356, Truckee.

MOUNTAINEERS

Continued from Page 1

Truckee bounced right back in their top of the fourth with one more run to tie the game for the second time.

The visiting Californians kept pounding the baseball in the fifth and sixth frames totaling up 5 runs on 5 hits, the main blows being consecutive base hits by Pello, Campbell, and Frates, and Pello's two-run round tripper in the sixth to send the Mountaineers out in front 9-4 after eight innings of play.

After the Vandals had set the Mountain Men down without any trouble in the ninth; they themselves weren't quite so cooperative and scored two runs on a combination of a walk, passed ball, single and an error, ending the game score at 10-6 Truckee.

Robinson whiffed 11 men to run his league leading strikeout total to 115 en route to the victory. "Swede" Olsen started for Babbitt and absorbed the loss. He was relieved by Gary Hughes in the fifth.

Goicoa, Campbell, and Cluck each collected two hits apiece for Truckee while Lawrence Geordana had three for the home team Nevadans. In case Verdi should lose to the Admirals or Lovelock the pennant would automatically go to Truckee. If they are victorious twice a tie would result and would probably mean a best-of-three series to decide who is the champion. Truckee has beaten Verdi twice in regular play by wide margins.

CARD OF THANKS

We wish to thank our many friends for their kind sympathy during our recent bereavement. Your cards, letters, and flowers were greatly appreciated.

Quotes and excerpts from California Division of Forestry report on Forest Pest Conditions in California

DWARFMISTLETOE

"Several sizable areas are under observation where mature trees are heavily infected. Many trees of all ages have either directly been killed by Dwarfmistletoe or so weakened that they were easy prey to the Mountain Pine Beetle".

Now unfortunately we have here at Lake Tahoe and Truckee more than our share of Dwarfmistletoe and Mountain Pine Beetles. So in order to protect your trees from both, all care should be taken to prune out Mistletoe and other parasites that weaken your trees and leave them vulnerable to the Beetles.

See your nearest U. S. Forest Service Ranger for advice and permits. And please drive carefully in the forests and protect our wildlife. These little creatures do not understand an automobile as the carcasses along our highways attest.

It takes a long time to grow a tree, and only a little time to protect it.

Now Another Matter

Tarzan

by EDGAR RICE BURROUGHS

THE SECRET DIRECTOR OF THE TERRORIST PLOT, ABOOL'S *GRAN CHEF*, FLIES TO THE BAKU TRADING VILLAGE, TO GREET -- HE THINKS -- A SULU WITCH DOCTOR WHO WILL BECOME HIS TERRORIST AGENT.

AS TARZAN AND !TO HIDE IN THE WITCH DOCTOR'S HOUSE, COLONEL WORTHY'S ORDER TO THE BAKU FIRING-SQUAD ASTOUNDS THE TRAPPED GUN-RUNNERS...

READY, BAKUS!

AIM!

ABOOL, TELL HIM THE GUNS HE WANTS ARE A PRESENT FROM ME - SO HIS PEOPLE CAN KILL THEIR ENEMIES... AND *MY* ENEMIES...

WHY DOESN'T HE SHAKE HANDS?

WHAT IS THIS TREACHERY? WHO ARE THESE MEN?

TORTURE THEM! THEY ORDERED ME KILLED BECAUSE I KEPT THEIR GUNS OUT OF THE VILLAGE OF THE MEDICINE MEN! TORTURE THEM NOW!

YES! THEIR NABU HURT MY MOMBAI! KILL THEM!

NO, MOMBAI -- WE'RE NOT TORTURERS! THESE CRIMINALS WILL MEET THEIR PUNISHMENT... LEGALLY!!

GUARD THEM, TOM, WHILE I TURN ON THE EMERGENCY *QX* RADIO...

BILL ELLIOT 1954 EDGAR

I HOPE MOMBUZZI RECEIVES THIS SECRET *QX* SIGNAL... AND SENDS HELP QUICKLY!

I DON'T HEAR ANYTHING!

8-23 1485

BUT - MANY MILES AWAY, TARZAN'S QX SIGNAL IS RECEIVED...

O-7 CALLING MOMBUZZI! I HAVE TARZAN'S *QX* SIGNAL... COMING IN STRONG! SEND HELICOPTERS! FOLLOW ME!

Featuring BATHLESS GROGGINS

by RAEBURN VAN BUREN

POP'S BEEN OUT ALL NIGHT, JUST PAGING AND COUNTING, I CAN'T FIGURE OUT WHAT'S HAPPENING - SO I CALLED YOU TWO TO COME AND HELP ME WITH HIM!

15,881 -- 15,882 -- 15,883 -- (YAWN) -- 15,884 ---

J. PIERPONT GROGGINS - WHAT HAVE YOU BEEN UP TO ALL NIGHT LONG?

OUGHT TO BE OBVIOUS, KIDS.. I'M COUNTIN' AND PACIN' OFF THE **ORIGINAL GROGGINS LAND GRANT** THAT COME DIRECTLY INTA THIS FAMILY WHEN YER GREAT ---

---GREAT---GREAT--- GRANDPAPPY COME OVER HERE WITH A GIFT O' LAND FROM THE KING HISSELF --- WELL, DAUGHTERS --- I INTENDS TA TAKE **ALL** THIS TERRITORY---

---AND MAKE A CLAIM DIRECT TO THE **FEDERAL GOVERNMENT!**

A CLAIM - A CLAIM FOR **WHAT?**

WHY, HONEY, IT OUGHT TA BE AS PLAIN AS THE NOSE ON YA OLD MAN'S FACE -

BUT, POP - YOU'VE NEVER DONE ANY FARMING! HOW COME YOU WANT ALL THIS LAND?

WHO SAID ANYTHING ABOUT **FARMIN'**, SLATS? I AIMS T' MAKE THIS HUNK O' EARTH **THE 51ST STATE O' THE UNION!** THE STATE O' **"GROGGINS"** - WITH ME BEIN' GOVERNOR, NATURALLY!

N-(GASP) NATURALLY!

8-23

CAN BATHLESS GROGGINS GET AWAY WITH IT? WILL **"GROGGINS"** BE OUR **51ST STATE?** (CONTINUED NEXT WEEK!)

THANKS, PENNY--I ALWAYS HAVE A REAL GOOD TIME AT YOUR HOUSE--

GOOD-BYE, SHORTY--COME AGAIN SOON!

HE REALLY MUST LIKE ME-- HE'S BEEN HERE THREE TIMES THIS WEEK!!

IT ISN'T YOU HE LIKES-- IT'S MOM'S COOKING!

THAT ISN'T TRUE! SHORTY LIKES ME OR HE WOULDN'T COME HERE SO MUCH!

BUSHWA! HE COMES HERE 'CAUSE OUR MOM'S THE BEST COOKER IN TOWN.

THIS WAS FULL WHEN HE CAME-- AND LOOK WHAT'S LEFT!

YOU ATE SOME OF THOSE CAKES YOURSELF!

I HAD TO SNEAK 'EM WHILE HE WAS SWALLOWING-- AND I ONLY GOT TWO!

WHAT'S GOING ON HERE?

PAT SAYS SHORTY COMES HERE TO EAT YOUR FOOD AND NOT TO SEE *ME!*

I'M SURE THAT ISN'T TRUE, PENNY-- BUT HE CERTAINLY DOES ENJOY EATING.

I'LL SAY HE DOES--

MAYBE IF PENNY COULD GET SOME PERFUME THAT SMELLS LIKE A CUPCAKE SHE'D GET HIM TO LIKE *HER* A LITTLE TOO!!
